Re: Public Right of Way Encroachment

Dear Council Members:

In response to a letter received by us from the City of Lodi Street Superintendent, we wish to inform the City Council of the hardship this would create.

We sell large appliances and repair them. Many times customers drop off appliances for repair with only the ladies in the shop or they are scheduled for pick-up of a new appliance and the men are out on repair or delivery. Our only access is through our front doors. The appliances are at all times close to the building and are only out there during business hours. In our line of business it would be literally impossible to continue doing business if this law is enforced.

We are sure over the years the privilege has been abused but we have been going along with the down town improvement plan and have tried to the best of our ability to keep Lodi looking its best and still give our customers the best service possible.

Sincerely,

*Edwin R. Bauer*
